

In 2024, the CPM will celebrate 50 years of advocating and advancing the rights of Quebec citizens to receive decent and adequate healthcare services.

CPM EXPRESS – MARCH 2024

TO AFFILIATED USERS' AND RESIDENTS' COMMITTEES, AFFILIATED GROUPS,
AND PROTECTION SANTÉ MEMBERS

The CPM takes care of the world's number-one health rights: YOUR health rights!

On February 24, 2024, our colleague and friend Daniel Pilote, a CPM Board member, died. Daniel was heroic and courageous despite the muscular dystrophy that affected him. Like Claude Brunet, he proved to be a model of determination and selfless dedication. Today, we say farewell to our very dear friend, Daniel.

Daniel was also co-plaintiff in the class action undertaken by the Conseil pour la protection des malades in 2018 against Quebec's public Long-Term Care Centres on the grounds of mistreatment. For the class action to continue and go to trial on behalf of thousands of residents, the CPM is looking for a Long-Term Care Centre resident to replace Daniel and act as co-plaintiff. **CPM is looking for a resident who resided (or has resided) in a public long-term care facility (CHSLD) from July 11, 2015, to today.** The new co-plaintiff will be assisted and supported by the CPM and the attorney on the case. Please let us know if you or someone you know is interested with your contact information.

BOARD RECRUITMENT

Given the Annual General Meeting to take place on June 13, the CPM wishes to inform you that four vacancies are to be filled on the Board of Directors for the following regions:

- Quebec
- North Shore
- Abitibi
- Outaouais
- Laurentians (renewal; term of office coming to an end)

You will receive the convocation notice shortly. Then, a nomination form will be provided for you to present your application.

RESIDENTS' COMMITTEE FUNDING AND AUTONOMY

On February 22, 2024, the CPM adopted a motion calling on the MSSS to improve funding for residents' committees, which has not been reviewed for several years. This recommendation is part of the CPM's action plan.

The CPM invites all committees to ratify this resolution and forward it to the institution's administration, as well as to the Ministers of Health, Mr. Christian Dubé and Mrs. Sonia Bélanger:

ministre@msss.gouv.qc.ca;

ministre.deleguee@msss.gouv.qc.ca

Here is an excerpt from the motion:

Considering the financial challenges regularly faced by residents' committees,

Considering that the vast majority of residents' committees only receive \$1,000 per year and that this is not sufficient,

CPM EXPRESS

Considering that the role of residents' committees is now enhanced by the assistance and accompaniment mandate entrusted to them also (amended section 149 of Bill 15),

Considering that funding for residents' committees has not been reviewed for some twenty years,

Considering that on April 20, 2023, in a parliamentary committee during the consideration of Bill 15, the Minister of Health himself stated publicly that the issue could be easily solved,

Be it resolved that this motion be sent to the Minister of Health and Social Services, Mr. Christian Dubé, and the Minister responsible for Seniors and delegate Minister of Health, Mrs. Sonia Bélangier:

*That funding for residents' committees in public and private long-term care facilities under agreement be based and allocated **annually and directly** to residents' committees based on the number of residents covered by the permit in the following way:*

Capacity	Basic amount for a residents' committee in a long-term care facility [Support Program for the Autonomy of Seniors (SAPA)]	An additional amount of \$1,500 for increments of 100 residents	Total
10 à 100 residents	\$1,000	\$1,500	\$2,500 minimum
101 à 200 residents	\$1,000	\$3,000	\$4,000 minimum
201 à 300 residents	\$1,000	\$4,500	\$5,500 minimum
301 residents and more	\$1,000	\$5,500	\$6,000 minimum

The CPM is also asking for a second resource person to better support the residents' committees, particularly given the new role in assisting and accompanying complaints.
